Customer Reviews

I recommend it.

Looks like a homemade book. Blurry script, poor quality pictures.

First off, I must say that this is the book that taught me how to juggle. I saw there were no ratings posted for this book, and I knew I had to change that! This book is HILARIOUS, it teaches you everything you need to get started juggling (even teaching you how to make your own juggling beanbags out of old socks and popcorn kernels) and it teaches you some basic juggling routines and tricks to really get you started. I even like this book better than Juggling For the Complete Klutz, which is considered to be the standard of instructional juggling books. It is funny, it succeeds in teaching you how to juggle, and it even teaches you stage routines and and other funny juggling antics. I highly recommend this book as possibly the best beginning juggling book ever.
