Esotericism Of The Popol Vuh

Synopsis

The Popol Vuh is the Quiché epic of Mayan cosmic philosophy. In allegorical form it describes the origin of the universe and of the gods, as well as their offspring mankind and the complex evolutionary cycles they experience. Professor Girard spent many years among the Mayas in Central America learning from direct association with their Elders, and offers a unique approach to the mysteries of native American thought. Translated from the Spanish by Blair A. Moffett.

Book Information
