# Backcountry Ski! Oregon: Classic Descents For Skiers & Snowboarders, Including Southwest Washington

## Synopsis

Discover the best places to go in the Oregon Cascades for backcountry skiing and snowboarding. In his new guide, Christopher Van Tilburg explores ungroomed powdery slopes and pristine wilderness descents, with more than half the routes described for intermediate-level backcountry skiers. The 60 routes here feature overall difficulty ratings, elevation and terrain, estimated skiing times, USGS topographical maps, skill levels required, and much more. Van Tilburg includes expert advice on safety, glaciers, and avalanche precautions, and details routes from Mount Hood to Mount Bachelor to Willamette Pass, as well as southwest Washington's Mount St. Helens and Mount Adams.

## Book Information

Paperback: 240 pages

Publisher: Sasquatch Books (February 1, 2001)

Shipping Weight: 11.8 ounces

Average Customer Review: 4.0 out of 5 stars [See all reviews](#) (2 customer reviews)

Best Sellers Rank: #1,236,737 in Books (See Top 100 in Books) #37 in [Books > Travel > United States > Washington > General](#) #38 in [Books > Travel > United States > Oregon > General](#) #53 in [Books > Sports & Outdoors > Outdoor Recreation > Skiing > Cross-Country](#)

## Customer Reviews

What makes Van Tilburg's latest guidebook so good has a lot to do with why Van Tilburg was the perfect person to write it. He's not only an expert skier and snowboarder, but he's also an expert mountaineer, canyoneer, and wilderness medicine physician. When he guides you on these classic descents, you are in good hands. He not only shows you the best places to go, but makes sure you have the information to stay safe and get home in one piece. Let's face it -- if we were experts we wouldn't need a guidebook. If we need a guidebook, we need one written by someone with experience and good sense. Van Tilburg is a good man to follow.

Backcountry ski oregon is a nice guide. The photos are not as good as the ones in oregon descents but it offers a few more routes. Some of the routes are part of ski areas. useful book
