I use this with my 2nd grade students and they love it. Excellent introduction to the Iditarod Sled Dog Race. While some of the rules of the race have changed (the number of dogs that can be harnessed at the start and the ability of the mushers to sleep in cabins/homes in the checkpoints) the book contains a lot of facts about the Iditarod. Highly recommended!

My 20 month old son cannot get enough of this book. He loves the drawings. He loves the little sounds and stories we have made up for each page. At least three times a day, he grabs this book and begs us to read it to him. And I know when he is older he will be able to use the wonderfully simple but detailed text to write a report on the Iditarod. I can't believe we have to take it back to the library. We are definitely ordering him his own copy today. Too bad a new one is so expensive.
