Blaze (The Dark In You Book 2)

Synopsis

For those who need more Harper and Knox . . . there's Blaze! Defeat the enemy. Win the boy. Live happily ever after. But life "ever after" isn't as easy as it used to be. Harper's gone from being a member of a small demon lair to co-Prime of one of the most powerful lairs in the US with a mate who, though hot as hell, is just a mite overprotective - I mean, you get kidnapped by dark practitioners just once . . . Then one of Knox's demons goes rogue, and in his madness decides Knox Thorne must die. Harper's worried. Knox isn't - at least until he discovers his mate's willingness to get between him and danger. Now, Knox has a new priority: Keep Harper safe . . . no matter what it takes. But Harper begins to suspect there's more danger than one rogue demon. It seems the combined strength of Harper and Knox has upset the balance of power in the demon world and there are those who are determined to right that wrong. Because when you move up the food chain, sometimes the other predators just want to take a bigger bite. Praise for Suzanne Wright: "Unique, original and very entertaining." Ramblings from this Chick "It's been two minutes since my last fix and I need Suzanne Wright to give me more" Edgy Reviews

Customer Reviews

I was "patiently" awaiting this release. I loved the first book in the series, and the 2nd book did not

disappoint. I highly recommend reading the first book *Burn*, as it will give you the back ground as to Harper and Knox. This is a paranormal read, and not your average shifter story. This series deals with demons, and they don't really play the villains. They are not good but they have their own set of rules and rulers that they follow. In *Blaze* we continue with Harper and Knox, it picks up a couple of months where the *Burn* leaves off. In *Blaze* Harper's mom is kidnapped by a "rouge demon", as Knox tries to find Harper's mom - new developments come up. We learn about the 4 Horsemen and what kind of role they play in all the troubles that the demons are experiencing. Harper and Knox engage in their first fight. I must say - my heart stopped during their fight. I was not sure what was going to happen, which as a reader I love to experience the unexpected from the author. Of course much like *Burn*, *Blaze* has a bunch of wonderful and hysterical scenes, specially Harper being Harper! I love her form of getting even, what she did to Belinda at the "shindig" was hysterical. Oh and Knox is just cut and dry! He as well as his demon do not care for anyone insulting or hurting Harper, that scene at the shindig with Alethea. It was so embarrassing for the "dolphin"(Alethea). But I really did enjoy how Knox put her in her place. My favorite quote has to be... "I can be so totally terrifying that I scare even me. Why are you laughing? I'm serious, it's true. You just don't think so because you've never actually seen me that way. If you did, you'd freak out. Really, you would."

Blaze is the second book in the "A Dark In You" series by Wright. You absolutely should read "*Burn*", the first book in order to really be up to speed on the characters and events. *Burn* was a 5 star, grand slam home run of a start to a series, causing me to eagerly await *Blaze*. If you read *Burn*, you already know the world and the characters of Knox and Harper. The following is full of spoilers, so don't continue if you don't want to know some of the details of the book (which by the way needs some editing for usage and misspelling of words). The main storyline of the book is a demon named Crow seems to be intent on killing Knox. Crow has had a vision that Knox will have a child in the future that will destroy demonkind. Crow's mission is to ensure that doesn't happen by killing Knox. First of all, several things happened with this plot that didn't make sense. Knox kidnaps Carla, Harper's mother, at the beginning of the story, and consequently performs surgery on her. Why? Harper was already born. It made no sense that Crow would "punish" her, as she had already had Harper. Yes, this would have made sense if Crow was rogue, but he wasn't. He genuinely believed his vision, so there was no need to have anything at all to do with Carla. Then Harper deduces that Crow is not really after Knox, but after her instead. The details and thoughts of how she decided on this was such a loose thread, that it wasn't believable. There really was no evidence to support this, but instead it was just a way for Wright to force the story in the direction she wanted it to go. Harper

is now firmly the mate of Knox. She is now a Prime of the Las Vegas territory with great personal power, influence and authority.

4.5-5 stars This was a great story and follow up to [book:Burn|25828477]. Knox and Harper are a super couple and I grew to love them even more in this story. This story picks up a couple months after [book:Burn|25828477] ended. Harper and Knox are doing well and settling into their life together. Knox is a bit overprotective of Harper but tries to compromise so he doesn't smother her...although his attempts to compromise aren't always successful and Harper doesn't make things easy on him. There are some difficulties balancing Knox's protectiveness with Harper's discomfort at being smothered but they do pretty well at working through them without too many issues. As the description noted, a demon from Knox's lair is going rogue and seems intent on killing Knox. Knox is alright with being the target because he feels he can protect himself but he's worried that the guy might go after Harper anyways. This is an issue but it gets worse when they realize that the rogue might not be working alone and they have no clue who the other conspirators are. While all this is going on, Harper is stuck with planning a "shindig" to celebrate the 150 year anniversary of the Underground (a private area in Las Vegas that's just for Demons) as well as Harper becoming Knox's mate and co-Prime. Also, Harper is having to deal with some issues with people feeling she's not good enough for Knox and (for some unknown reason) thinking they have the right to tell Harper as much. Since the main perpetrators are women that clearly just want Knox, their attitudes don't affect Harper because she's smart enough to recognize that the women are just being spiteful witches and don't really matter to her and Knox.
