Customer Reviews

To Clarify the above persons review, the author of the book is actually right handed. the person on the cover is Paul Johnson, an ex-pro who was formally number 4 in the world, british champion and was coached by David Pearson. and everything in the squash game and swing converts pretty much for a right to left handed player anyway. Davis Pearson is one of the best squashes on the planet and any part of your game would benefit from having his input

Look at the cover page. The instructor is a LEFT handed person. All pictures in this book may confuse you at the beginning. It is not worth to spend time convert your mind, just buy a book from right handed instructor.
