Cooking Wild Game Read For Free With Kindle Unlimited Download today for just \$2.99. Regularly priced at \$4.99. Read on your PC, Mac, smart phone, tablet or Kindle device. Cooking on the open campfire can be so much fun. The popularity of outdoor cooking is on the rise. Of course, hunters and anglers have been cooking outdoors over campfires way before the popularity of cooking on an outdoor grill or smoker came onto the scene. For many, the move from campfire to grill is an easy one. Whether on the campfire or on the grill at home, cooking outdoors is a fun and easy way to fix meals that has been around for centuries. From prehistory to the American push west, campfires have long been a place where meals were fixed and topics of the day were discussed. Hunters and anglers, campers and the average joe in his back yard at the grill a meal outdoors is something that all cherish. Customer Reviews

I got this book free but gladly would have paid for it. Very unique recipe book. Interesting Wild game recipes!

I live in rural Virginia, literally on top of a mountain. Moved here from Myrtle Beach, and my nearest neighbors are horses and deer. My nearest HUMAN neighbor often shoots deer from his back porch, and he recently brought me some venison, which is why I got this book. I'm not a great cook, and I had NO IDEA what to even do with it besides throw it on the grill. This book is LOADED with recipes and helpful tips for how to prepare wild game, and if one of the biggest things that puts you off about eating wild game is that "gamey" taste, there are even tips on how to minimize that. Love the book and its easy-to-follow recipes, and here lately, my grill has been getting a workout! A great title, and especially helpful for people like me with limited skills in the kitchen.

great read

I really enjoyed this book! There's something magical about wild game cooked outdoors and this book explains the various methods of how to do it. Whether you prefer to grill, smoke, cook in a Dutch oven or on the open camp fire, there are definitely some gourmet recipes in here to make your mouth water! Until I read this book, I never realised just how many wild critters there are out there that you can actually eat! It contains delicious recipes for just about any type of wild game you can imagine . . . including dove, squirrel and rattlesnake! The recipes are nicely presented and easy to follow and there are some great marinades and sauces which I can't wait to try out. I particularly liked the special tip about getting the wild taste out of the meat. I have always found venison to be too strong a flavour and so will be trying this tip out. One thing is for sure; if you like the call of the wild . . . you'll never go hungry with these fabulous recipes! Definitely one for the great outdoors adventurer!

Are you a big fan of camping? Well, I am, and every time we go camping or for a barbeque me and my friends are always out of recipes. And when I came by this recipe book, I was elated. There are about 20 recipes as to how make different types of meat, especially if you just caught it. The recipes

are easy to understand with the style and format they are presented. This book has very interesting recipes; I've never could have imagined that you could make a rattlesnake. Okay, I knew that you can make stuff from snakes, but this recipe actually caught my eye. But first I should try to catch a rattlesnake. If you are a hunter or just love going camping with your friends and eating grilled food, this book is right for you. Find great recipes to enrich your cooking. Are you sure you don't need this recipe book? I am off to trying to catch the rattlesnake.
