Money, Power, Servitude: Adventures In The Wonderland Of Scientology

Synopsis

Peter Bonyai was a senior official in the Church of Scientology. He shares his unique insider information and insights into what really goes on in Scientology. He describes his 8 year journey from walking in off the street as a naive 17 year old to rising through the ranks as the second-in-command of the Central European branch of the Church and what ultimately broke the spell and allowed him to walk out the door and back into the real world. He tells his story with humor, which makes this sometimes shocking account of life inside a cult easier to digest. This is a book the Church of Scientology does not want you to read.

Customer Reviews

I also lived the staff Sea Org life, but years prior to Peter's years. His tales of Budapest's OTL (Operation Transport Liaison, which today means a sub continental Sea Org management bureau of the lifetime staffers of the Sea Org of official Scientology), are hilarious, hectic in true cult staff bureaucrat desperation style! People in Human Resources today ask sometimes if applicants are "team players", when ex Sea Org members answer this HR question, they mentally scream in their minds: "Team player!! My god! I was a cult member for crying out loud!" Cult bureaucratic members

of the Sea Org of Scientology are ultra workaholics, it's an acquired super crazy life, for those that rise those ranks of the Scientology Sea Org fake navy religious order bureaucracy. Peter's tales are hilarious and well written, the EU writers of ex Scientology life, are generally better written, and Peter's is! He gets right to the behind the scenes idiocies and extreme events and rules of the Scientology system that the hardest working lifetime staff have to endure, to stay in that game! I was struck by Peter's creative solutions to the totalitarian predicaments he faced! Big themes you see in all of Scientology today, the movement's focus on essentially bilking large donations out of their richest followers, Peter describes what the staff salespeople seeking those large donations have to do, and Peter gives large quotations of Hubbard's policies, Hubbard being Scientology's guru dead leader whose writings are the script the movement members' must follow today to remain official members. Excommunication and being cut off from all Scientologists happens when you criticize Hubbard or Scientology.
