# Backcountry Skiing Utah, 2nd (Backcountry Skiing Series)

## Synopsis

Utah skiers claim to have "the greatest snow on earth," and this revised and updated edition guides readers to the best backcountry ski tours in the state. Backcountry expert Tyson Bradley takes skiers from the urban backcountry of the Wasatch Front to spectacular desert destinations in Zion and Bryce, with detailed maps and information on backcountry equipment, techniques, and safety. Ski Utah!

Product Dimensions: 9.1 x 6 x 0.7 inches

Shipping Weight: 1.2 pounds

Average Customer Review: 4.9 out of 5 stars [See all reviews](#) (7 customer reviews)

Best Sellers Rank: #502,048 in Books (See Top 100 in Books) #36 in [Books > Sports & Outdoors > Nature Travel > Adventure > Skiing](#) #96 in [Books > Sports & Outdoors > Outdoor Recreation > Skiing](#) #442 in [Books > Sports & Outdoors > Winter Sports](#)

## Customer Reviews

This book lays it out for anyone getting into the Utah back country. The maps could be a little better but when I use the book along with Google Earth to lay out route it works great. This book is a must have.

I recently moved from MT to Utah and I love going into the backcountry with my splitboard (and a buddy/shovel/probe/transceiver/avalanche report of course!). This book describes in great detail what the terrain is like (both in terms of steepness, difficulty and avalanche danger); what time of the year is best to hit a particular area; and which are the best approach routes.

I'm very pleased with this guide book. It's taken me to many places I would not have thought to go ski touring. Whenever our small group of ski tourers gets tired of the tri-canyon SLC area, we break out Bradley's book and head someplace new for the day. It's a must have for the serious Utah ski

tourer.

This book showcases all the wasatch backcountry terrain. It offers great maps and details needed to make a safe outage in the backcountry.
