Drugs In Sport

Synopsis

With the recent major updates in worldwide anti-doping laws and changes to the prohibited and therapeutic exemption lists, this fourth edition of the bestselling *Drugs in Sport* presents an authoritative, hard science information about the actions of drugs, hormones, medication and nutritional supplements in sport. Written by a well respected pharmacologist from one of the UK's leading sports science universities, this much-needed new edition of a market leader continues to focus on one of the most high profile themes in sport science, providing high quality detailed information. Some of the key issues covered include: * the latest doping control regulations of the WADA* the use of therapeutic drugs banned in sport* an assessment of the prevalence of drug taking in sport.
